YOUR KIDS' PLACE

Welcome to Your Kids' Place! We are happy to offer a safe, caring, and fun daycare program for children ages 5 to 13. Our on-site program provides before- and after-school care, care on non-school days, and care during fall, winter, and spring breaks. Each day, children have time to play, read, relax, get help with homework, enjoy outdoor activities, create crafts, explore STEM projects, join themed days and special events, and take part in field trips when school is out. Our friendly, experienced staff works hard to make every child feel welcome, supported, and connected while helping them build respect, responsibility, confidence, and a love for learning and play.
